

The logo features a stylized icon of three horizontal bars on the left, followed by the word "Holland" in a large, white, sans-serif font with a registered trademark symbol. Below "Holland" is the text "RAIL CAR PRODUCTS" in a smaller, white, all-caps, sans-serif font. The entire logo is set against a solid blue background.

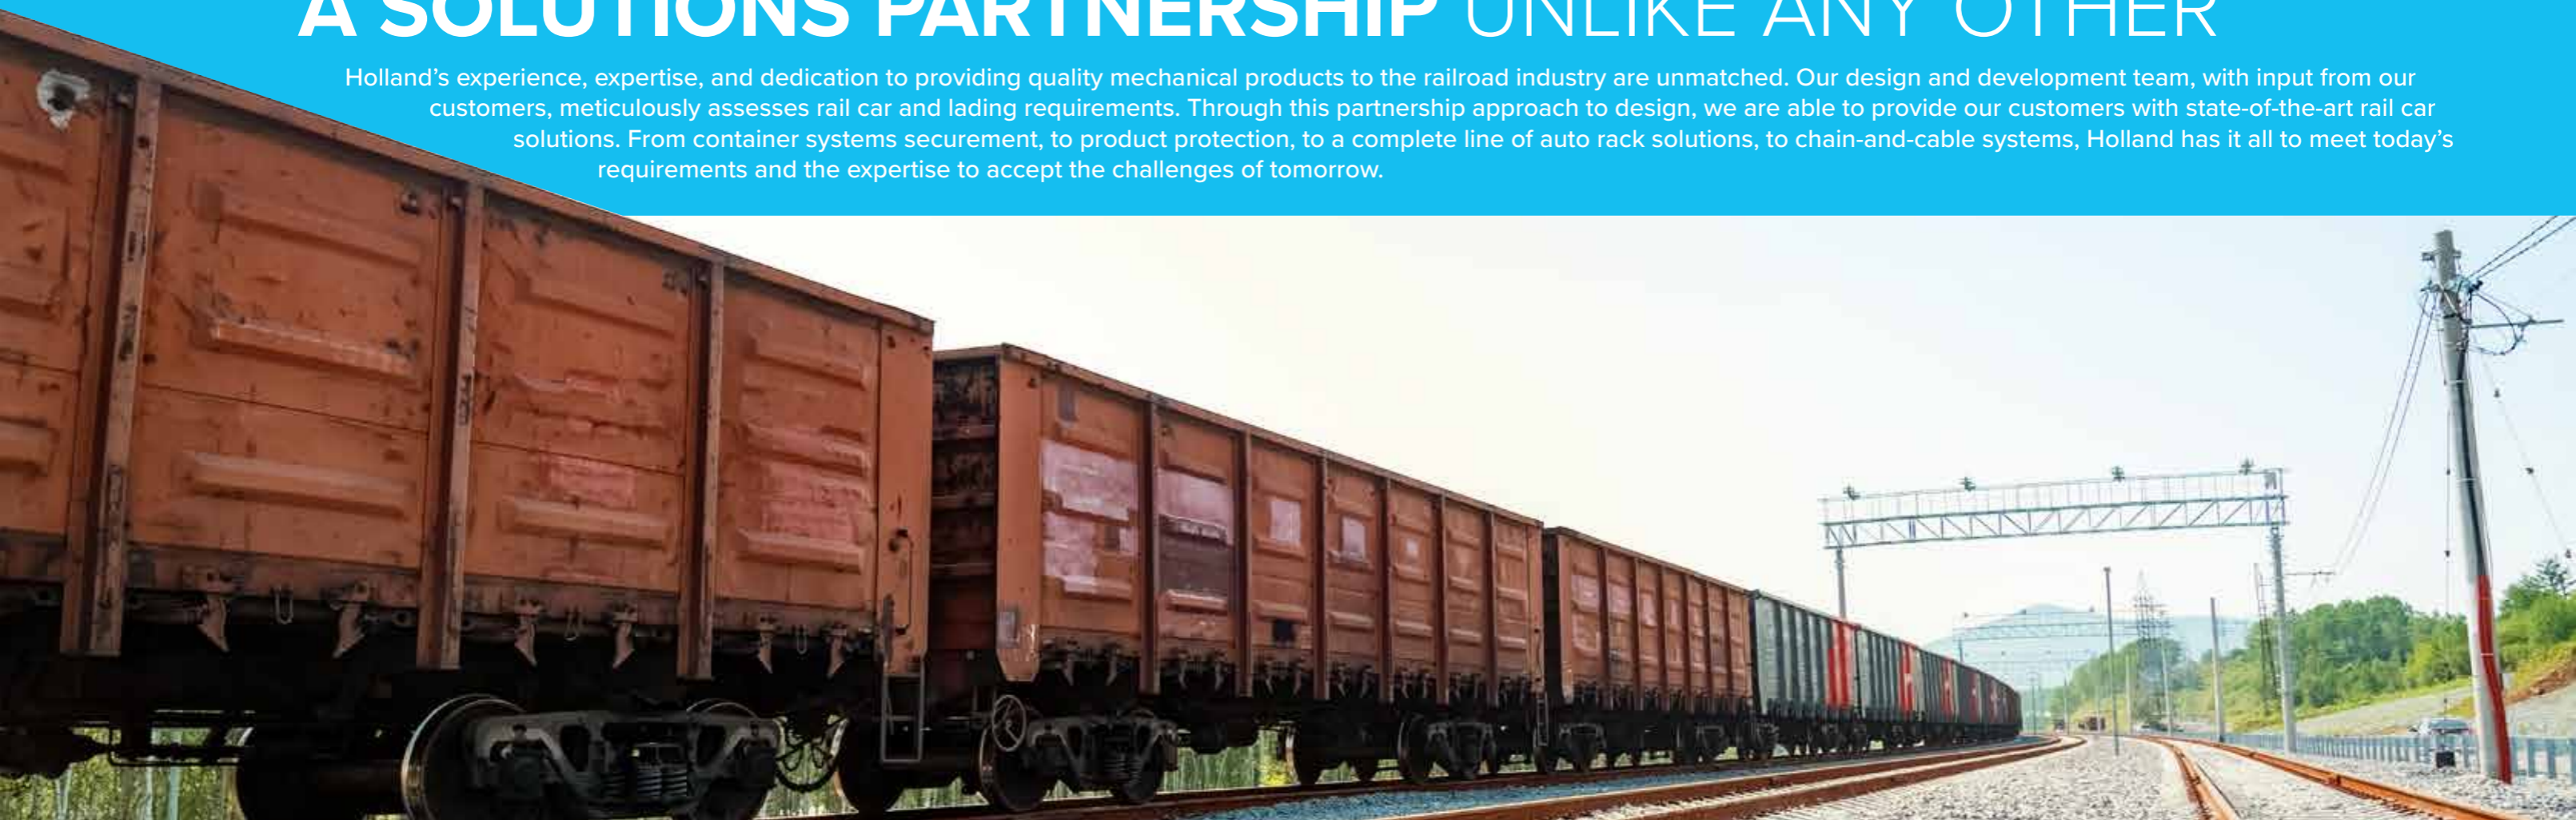

Holland[®]

RAIL CAR PRODUCTS

A SOLUTIONS PARTNERSHIP UNLIKE ANY OTHER

Holland's experience, expertise, and dedication to providing quality mechanical products to the railroad industry are unmatched. Our design and development team, with input from our customers, meticulously assesses rail car and lading requirements. Through this partnership approach to design, we are able to provide our customers with state-of-the-art rail car solutions. From container systems securement, to product protection, to a complete line of auto rack solutions, to chain-and-cable systems, Holland has it all to meet today's requirements and the expertise to accept the challenges of tomorrow.

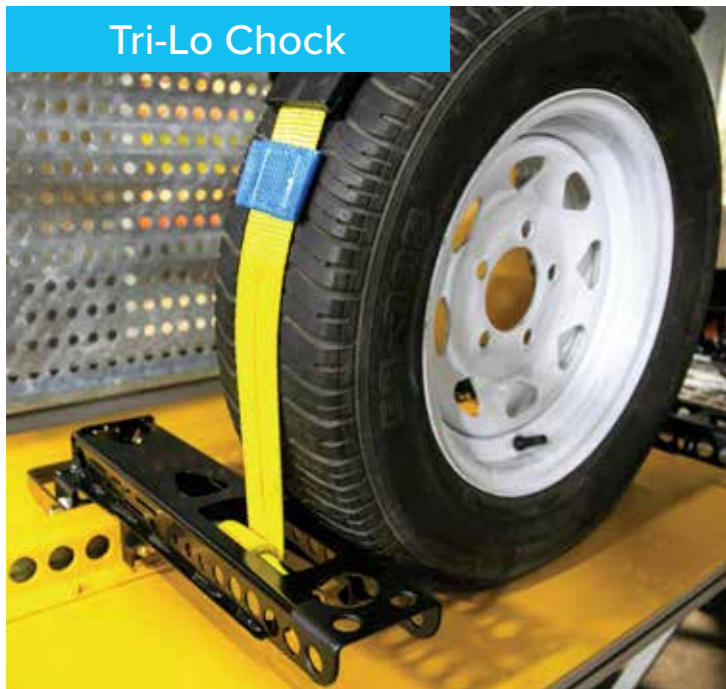

AUTO RACK SOLUTIONS

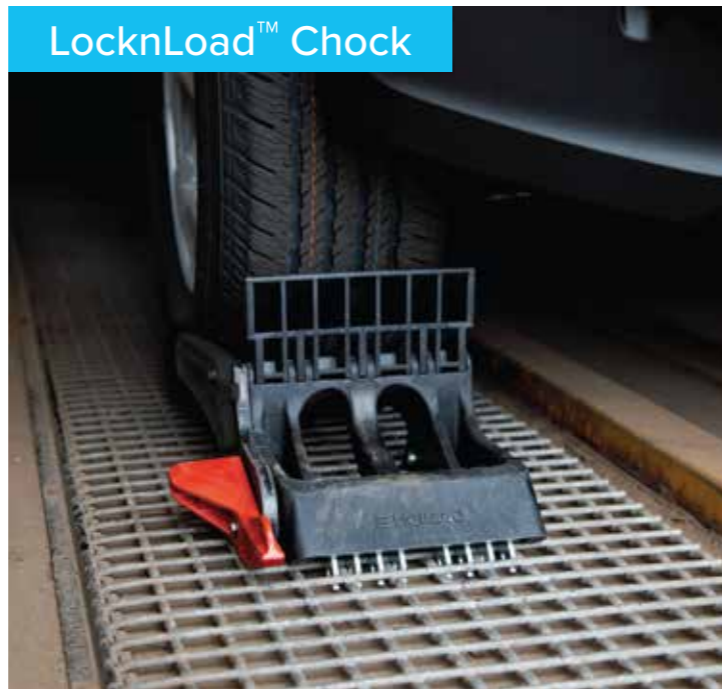

Our AAR-approved auto rack solutions are designed for ease-of-use for increased efficiencies while minimizing vehicle movement and damage.
